Test Case ID:	Example #1
Test Name:	Top Five Destination List Test Case
Test Owner:	Tester
Test Designed Date:	1-Jan-17
Method - Automation? (Yes/No)	No
Work Product:	User Story #1 - Top Five Destination List
Priority (Low/Med/High):	High
Pre-Conditions	User on main SNHU Travel Website
Test Steps	**Inputs**
	1. Click link titled "Top 5 Destinations".
	2. Scroll up and down webpage to view each of the top 5 destinations.
	3. Verify the destinations are in an ordered list from 1 to 5.
	4. Verify that each destination listing has the required components.

Expected Results
Browser opens webpage with the title "Top 5 Destinations".
There are 5 total listings for the top destinations.
The order should show the top destination in spot #1 and accordingly through spot #5.
Each listing contains a picture, a short description, and a link to the top travel-package-deal booking.
